LOCAL MENTION.

The employees of the Rock Island shops at Horton were paid Tuesday.

There was a light rain in the Rock Island's dry liberal country Tuesday night.

Col. A. B. Campbell is booked to address the old soldiers at Hutchinson on "The Girl I Left Behind Me."

The funeral of Mrs. Joshua Martin will take place Friday at 4 p.m. from her late residence, 1024 Jackson street.

The weekly religious services at the Santa Fe shops have been resumed; Rev. Frank Mallory addresses the noon meeting tomorrow.

Major T. J. Anderson of the Rock Island and about a dozen of the Topeka G. A. R. men, are in Hutchinson attending the reunion.

James H. Cooper aged 24 and Cora Ruth Stone aged 19, both of Topeka, were married yesterday afternoon by Probate Judge Elliott at the court house.

Otis Hunsate of the city law department, is in Fort Scott for a few days on strictly court business. City Attorney Tillotson is attending to police court business.

Miss Lenna Prouty, who lives at 815 Topeka avenue, was out bicycle riding Tuesday evening when her skirt became entangled in the gearing of the machine and threw her to the ground. One of her ankles was sprained and an arm bruised.

The health of ex-Chancellor Lippincott, formerly of Kansas University and of the First Methodist church of Topeka, now pastor of one of Philadelphia's best congregations, is in such a precarious condition that he has been taken to Nova Scotia to recuperate. His son Walter received special mention for his work in Greek at the University of Pennsylvania. He was one of three in his class thus distinguished.

Miss Maud Bowman, daughter of Joseph Bowman, book-keeper of the Fourth National bank of Wichita, who was injured at the Topeka insane asylum and

taken home a few days ago is not likely to entirely recover. Miss Bowman has been employed at the asylum in the musical department. A few days ago while swinging in a hammock the ropes broke and she sustained a fall that has injured her spine.

TO RIDE A BIKE.

County Treasurer Rodgers is trying to tame a "Safety" Bicycle.

County Treasurer A. K. Rodgers is learning to ride a bicycle. He has purchased a nice \$150 wheel, and he practices every night on the asphalt pavement by his house at Fifth and Monroe streets.

Today Mr. Rodgers went to his office wearing a slipper. He said to Frank Bowen, his deputy:

"A man pretty near killed himself in front of my house last night."

"That so?" inquired Bowen. "What was the matter?"

"He was learning to ride a bicycle, and everybody in the whole block was watching him. He took seven or eight tumbles, and the last time he nearly broke his leg. I guess he sprained his ankle."

Everybody smiled, for everybody knew who "the man" was.

Are They of Unsound Mind?

John and Eliza Young, an aged couple living on a farm on Lima creek, will be examined before Probate Judge Elliott regarding their soundness of mind. The examination will be made on the demand of their daughter, Mrs. Virginia Stewart, who claims that they are incapable of properly managing their property or transacting business. She asks that they have a guardian appointed.

Have You Tried Hogg's German Salve For Piles? If not, why not? Can you afford to suffer longer for the sake of 25 cents. This is the price of the greatest salve on the market. Sold and warranted by W. R. Kennedy.

Silver Leaf vinegar remains in the front. It is the best table and pickling vinegar. Ask your grocer for it and take no other. It is the cheapest.

A GREAT

Bargain Season!

OUR GREAT CLEARANCE SALE

Has been a phenomenal success and has been the cause of the large crowds and big business done at our store. More and more people are FINDING OUT DAILY that we are selling goods at lower prices than HAVE BEEN KNOWN IN TOPEKA FOR YEARS. More than that our low prices are for high grade, stylish and desirable goods. No trouble to call a \$10 suit worth \$18 and now reduced to \$10, but to show a suit for \$10, the quality of which is at least 25 PER CENT BETTER than anything shown hereabouts for that price, is what we call

REFUSED TO SPEAK.

Gov. Lewelling Would Not Address the G. A. R. Reunion,

BECAUSE HE WASN'T INVITED

Except by a Few G. A. R. Men as Individuals—The Governor Regards Himself as a Non-Invited.

Fred J. Close says there is a great deal of dissatisfaction among a large number of old soldiers attending the G. A. R. state reunion at Hutchinson, because Governor Lewelling was not invited to be present and make a speech.

The Populists charge that this is the first time in the history of the Kansas G. A. R. that the governor of the state has not been invited to be present and address the reunion. Other governors who have not been members of the G. A. R. and have not been old soldiers have, because they were the governors of Kansas, been invited to address the old veterans on these occasions.

Governor Lewelling was in Hutchinson about two hours yesterday between trains and was invited by some individual members of the G. A. R., but he had not been advertised, and the committee on speakers had not invited him, and he refused to speak.

BERNARD KELLY'S FACTS

On Silver Have Been Gathered on His Trip Through Mexico.

A dispatch from Manitou, Colorado, says that Bernard Kelly, ex-U. S. pension agent, has been spending a few days there resting from a long trip through the republic of Mexico. The dispatch says further: "Mr. Kelly's visit to the city of Mexico and other Mexican cities was for the purpose of gathering facts and statistics to be used in the fall campaign, especially on the silver question. He will be an active worker in the campaign this fall, and with the facts gathered in this trip will be loaded for any work that may be assigned him in the campaign."

Mr. Kelly has returned to Kansas, and last night delivered an address at the G. A. R. reunion at Hutchinson.

Political Notes.

One of the fashionable young ladies of Salina is "taking in" washing to help pay off the debt of the church of which the blankety blank H. N. Gaines is a prominent member.

Less than a year ago Bill Hackney, in a speech at Wellington, said: "I can tell a Populist whenever I see him two inches of forehead and nine inches from the eyebrows to chin." And now Bill is one of them.

Laura M. Johns has written a letter in reply to Major J. O. Pickering in which she says the suffrage amendment will be all right if it only gets enough votes.

Ben Clover will make speeches in Salina county next week.

The prohibition county central committee will meet next Tuesday evening at R. Wake's office.

A number of State House officials attended the Catholic celebration at St. Mary's yesterday.

STEAD STILL AT IT.

He Writes Another Book About Chicago and the Labor War.

CHICAGO, Aug. 15.—Wm. T. Stead has from the press another book about Chicago. It is called "Chicago Today, or the Labor War in America."

The first part deals with the Coxey movement; the second is entitled "Just Before the War" and tells the story of Pullman and the model town, with portraits of "the loyal labor leaders;" the third is devoted to what the author calls "the War," containing references to the strike and a prophecy of a social revolution.

Mr. Pullman gets the blame at the outset for a dogged refusal to arbitrate and save the calamity, but Mr. Stead concludes the real trouble lies deeper than the action of one man. He blames it to the "rotted districts, which is the cancer of American civilization." He says:

"In business men have forgotten God; they have lost faith in man, and they are reaping the penalty. In place of a co-operation of confidence there is everywhere the fiercest rivalry of cutthroat competition, eating confidence out of the heart of man."

He quotes a commercial authority to make the statement that there were in this country last winter from 3,000,000 to 4,000,000 workless workmen. He says:

"This is an army as large as the list of the soldiers under colors in all Europe. The political economist who waxes eloquent over the waste of wealth occasioned by the bloated armament of the present century always reckons the cost of the withdrawal of so many able bodied men from productive industry as a heavier tax than the mere expense of their maintenance. The United States has no standing army of soldiers to speak of, but its army of unemployed is almost as expensive as our European soldiery. The workless worker produces as little as the drilled soldier, and although the maneuvers of the parade ground are economically valueless, they are superior, at least in providing occupation, to the condition of enforced idleness in which the unemployed pass their time."

FOOTPADS IN TOPEKA.

A Number of Cases Reported, but Not by the Police.

There are footpads in Topeka. Last night a drummer who came in on a late Rock Island train was held up at the corner of Second and Jackson streets by a colored young man. The drummer was compelled at the point of a revolver to give up his silver watch and about \$2 in change. He had "roll" in his inside vest pocket, but the robber didn't get that far. The only description the drummer could give was that "part of his nose seemed to be eaten off."

Wen E. Bennett, Jr., and Frank Kilmer were returning from the party at library hall Monday night they were held up at the corner of Eighth and Western avenue by two colored men, one of whom wore a star and pretended to be a policeman. As one of the boys had a revolver and the other had a heavy cane, the robbers were satisfied to inquire what time it was and retreat.
